

# John R Gallagher Assembly 3180

August 2011

Brother Sir Knights,

I only hope that becoming Faithful Navigator is not an omen for health problems. Originally, I wanted to get this out sooner, but Michelle was in the hospital last week and less than 12 hours after she got home, I ended up in the ER with appendicitis.

Thanks to all who attended the installation, mass and pot-luck. It was a good start to the new year. Please review last years events and let me know of any other possibilities that we are missing. I also need to know of any parish events that we are missing.
